

Message from Regional Director

Shri.P.B.Mani, Regional Director

The Employees State Insurance Act 1948 was the first Social Security Legislation Enacted in Independent India. The Act envisages giving Medical and cash benefits to insured persons in the organized sector in times of their need. We the officers and staff of Regional office, Chennai are committed to give efficient and best services to our Stakeholders - Employers and Insured Persons. The fact that the coverage under the Act has been growing increasingly speaks about the positive response the scheme is receiving from its stakeholders. The recent IT Enablement Programme of the Corporation has enabled our Stakeholders to know everything with the Click of a Mouse. I hope this website of the Regional office will enable us to provide timely and efficient service and also in keeping them updated of the latest developments in our working.
